

Paper Rocket Design Challenge

Materials

What materials did you use to construct your paper rocket and launch system?

Draw a Diagram of Rocket

Steps for Creating Rocket and Launch Technique

Each person submits ONE of their three words to say in the exhibition. This represents your group and the collective universe you have created.

1. _____
2. _____
3. _____

Reflection and Discussion Questions

1. What makes your rocket go the furthest?
2. How does more or less air pressure affect the rocket?
3. Does changing the launch angle affect your design?
4. How might you adapt this challenge for the young people you work with?
